

RZ DYNAMICS LLC

Cybersecurity Services & Information Technology Solutions

**SERVICE-DISABLED
VETERAN-OWNED
SMALL BUSINESS**

Company Overview

RZ Dynamics LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) delivering cybersecurity services and information technology solutions to federal and commercial clients. Led by a credentialed cybersecurity professional, the firm pairs hands-on expertise in security operations, threat and vulnerability management, and digital forensics with responsive IT product procurement — combining technical depth with the agility and accountability of a veteran-owned small business.

Core Competencies

Cybersecurity Services

- Security operations & continuous monitoring (SIEM / SOC support)
- Cyber threat intelligence & network defense (CND)
- Incident detection, response & reporting
- Vulnerability assessment & risk management
- Digital forensics & investigation
- Security compliance, policy & documentation (SOPs, IAVM tracking)

IT Products & Procurement

- IT hardware supply & value-added reseller (VAR) services
- Endpoint, network, and security equipment sourcing
- Software and peripheral procurement support

Differentiators

- **SDVOSB** — eligible for federal set-aside and sole-source awards
- Principal-led engagements backed by advanced cyber credentials (MS, CEH, Security+, Splunk)
- Direct access to the decision-maker — fast, responsive, low overhead
- One vendor for both cyber expertise and IT procurement
